

The Annual Quality Assurance Report (AQAR)

of

**Bharati Vidyapeeth University
College of Engineering,
Pune – 43**

For

Academic Year : 2006-07

PART – A

To enhance the IQAC of the college the following action is planned. In the planning, it has been observed that all the activities will promote quality education to the students and the quality training to the faculty members. The following activities were fixed in this context during the year 2006-2007. The activities, which are matching the goals of the college, are indicated below.

Sr.No.	Activity	Achievement
1	To upgrade the syllabi and structure of all the courses UG and PG.	Syllabus is updated and will be implemented from next academic year.
2	Academic activities such as Teaching plan, class test, continuous assessment, student's feedback	These activities were conducted over the year as per academic calendar.
3	Extension, Interdepartmental, Inter Institutional activities like exhibitions, projects, paper presentation	Project exhibition, paper presentation contests were organized.
4	Promote staff members to attend workshops and seminars	Staff members have attended different workshops and seminars at national and international level.
5	Testing and consultancy to the industry and general public	College has extensively tried to serve industry for consultancy.
6	Research activities and patents	Research culture was developed by motivating staff to enroll for higher studies.
7	Provision of internet facility	Internet facility provided to the students
8	To send the proposals to the funding agencies like UGC, AICTE, DST, CSIR.	Major and minor research projects proposal submitted to AICTE, DST, IE
9	Improvement in infrastructure	New library building was made open

	facilities	for students.
10	To extend practical training facility to the faculty members	Faculty was motivated for industrial training in association with CII.
11	To conduct common cultural and national level technical festival program	Interdepartmental activities such as Bharatiyam initiated
12	To improve training and placement of the students of all branches	Placement cell has geared to meet future challenges
13	To increase no. of visits of the students in various local industries	Concept of industrial training to be introduced while revising the syllabus

Part B-

1. ACTIVITIES REFLECTING THE GOALS AND OBJECTIVES OF THE DEPARTMENT

a) Academic Activities :

Academic Calendar : The Academic calendar reflects various academics and associated activities to be carried out in the academic year.

Unit Test : Two Unit tests are carried out to check the performance of the students and also the role of teachers.

Attendance Monitoring : The attendance monitoring is done at the end of every month to check the students presence and punctuality. For the Students' failing to comply with the requisite attendance, a letter stating the deficiency of attendance is sent to the parents of the defaulting students.

Teaching Plan : The teaching staff prepares a teaching plan for the subject to be taught to the student for the current semester. This enables the staff to conduct lectures accordingly and complete the teaching of the syllabus in time.

Lecture Notes : Lecture notes for the subject to be taught are made by the concerned staff in a prescribed format, so there can be consistency in teaching and the contents well understood by the students.

Expert Lectures / Seminars : To get more practical knowledge and industry insight of the various technologies and related aspects, Expert Lectures / Seminars are regularly organized within the department. Expert from Industries as well as academics are invited to conduct these lectures and seminars.

b) Research Activities :

- Motivating the teaching staff to upgrade by pursuing M.Tech and Ph.D
- Motivating the teaching staff to present research papers at various International and National Conferences.
- Motivating the teaching staff to attend various Seminars and Workshops to upgrade their knowledge in their respective fields.
- Motivating the teaching staff to undertake Research project sponsored by various Government agencies and Industries
- Undertaking Laboratory Development for better support for teaching and research work

b) Extension activities

- The college has signed a Memorandum of Understanding (MOU) with-
 - i) United Consulting Engineers- to train the students in Civil Engineering softwares like STAAD.Pro, PRIMAVERA. Under this MOU, one batch of 22 students has already undergone the training of STAAD.Pro.
 - ii) Gurudeo Enviro-Services- to train the students in Water Treatment methods.
 - iii) L&T Switchgear Ltd. -to set up Modern Switchgear and protection laboratory
- The students organizations of various departments organized various seminars, expert lectures and workshops.
- Training for third year students such as aptitude test, group discussion and interview skills, EDUSAT Programme, Network Security

- The facility of Digital Library which includes many National and International Journals available to the students and Staff for research work
- National level Technical Festival Bharatiyam was organized by the students from 22-24th March 2007.
- **Edusat** is available for students for online education.
- Testing and consultancy work was carried out in the college.

2. NEW ACADEMIC PROGRAMMES INITIATED (UG & PG) – NIL

3. INNOVATIONS IN CURRICULAR DESIGN AND TRANSACTION

- The Bharati Vidyapeeth University College of Engineering is the constituent unit of Bharati Vidyapeeth University. From the academic year 2007-08, the nomenclature of B.E course has been changed to B.Tech with subsequent approval from AICTE (Ref. No.740-89-205/E/RC/94 dated 14/08/2007).
- When College of Engineering was brought under Bharati Vidyapeeth Deemed University, it was proposed in the year 2004-05 that the courses & their contents should be revised to cope up with the local industries& the new industries coming up because of globalization.
- A committee of senior faculty members from the department was formed to design the new structure and syllabus.
- Experts from academics and industries were invited for discussions and approval of the new structure & syllabus.
- It was then approved in Board of Studies. It was sent to Academic Council of University for approval.
- Above procedure was observed for further modifications and revision of the structure and syllabi for the new course in the year 2006-07

4. INTER DISCIPLINARY PROGRAMMES STARTED- NIL

5. EXAMINATION REFORMS IMPLEMENTED

- Results of each Semester are prepared, analyzed and counselling is done for weak students to improve their performance.
- In each Semester two class tests are conducted and performance is evaluated.
- For the practicals, continuous evaluation is done and is given in the term work marks.

21. IMPROVEMENTS IN THE LIBRARY SERVICES:

1) Bibliographic Compilation

Bibliographic compilation of the book is very important to find out the required book from the library. In the college library the bibliographic compilation is on the basis of branch. Bharati vidyapeeth University College of engineering library has adopted Dewey Decimal Classification (DDC), an international scheme of classification, for classification of library documents. The books in the library are arranged in a classified order (subject wise) according to call number (class number + book number) and are called from shelves by these very number. The arrangement of books on shelves read from left to right and from top to bottom.

2) Reference Services –

Reference books, journals, periodicals, project reports are used by the students and staff members every day. These types of reading material should have prevented and conserved with the help of binding and kept away from dust.

The books kept in reference section will not issued out of the library. However, under certain conditions the reference books are issued to the faculty for overnight reference and return.

3) Reprography Services

The library provides reprography services to the users on priced basis, this saves time of the users to a great extent.

4) Inter Library Loan Services

It is not possible for any institution, however rich its resources, to buy all the books published even in a discipline. Hence, it is inevitable to depend on other organization to share information sources for the mutual benefit of users; the privilege of inter-library loan is restricted to faculty members and those engaged in research. Books not available in college library but required by faculty members and research scholars will be procured from other college libraries on inter-library loan.

5) DELNET Facility (Developing Library Network)

Institute is member of DELNET library network. All students and staff have access to this facility at the computer centre. Through this facility they have access to more than 900 libraries in India and six other countries and have access to about fifty lakh records of books, journals, articles and other documents.

6) Institutional Membership IIT, Bombay, British council Library (BCL), Automobile research association of India (ARAI), Institute of Armament Technology (IAT)

It is more useful and providing lot of information to the student and staff.

7) IEEE Online Journals

Journal form an important source of nascent information. At present library has online access to IEEE journals

8) Online Public Access Catalogue (OPAC)

This one is a searching tool for student and staff members in the library. Database of the books is prepared according to common communication format (CCF). The user can search the database through OPAC to know what information sources are available in the library on the area of their interest.

22. NEW BOOKS / JOURNALS SUBSCRIBED AND THEIR COST:

Year	No. of Books Available	No. of Books Added	Amount Paid (Rs)	No. of Journals Available	No. of Journals Added	Amount Paid (Rs)
2006-07	NIL	NIL	NIL	NIL	NIL	NIL

23. COURSES IN WHICH STUDENT ASSESSMENT OF TEACHERS IS INTRODUCED AND THE ACTION TAKEN ON STUDENT FEEDBACK:

Feedback regarding assessment of teachers is taken on a feedback form in the department by HOD

As per students feedback if some improvement is required for a staff, HOD instructs to the respective staff member regarding the same.

Remedial courses are conducted for the failure students.

Action was also taken regarding feedback about the requisites like toilets, classroom cleaning and relating to teaching aids.

24.UNIT COST OF EDUCATION

Year	Amount(Rs)	Student strength	Unit cost
2006-07	13,77,00,000/-	2700	51,000/-

25.COMPUTERRIZATION OF ADMINISTRATION AND THE PROCESS OF ADMISSION AND EXAMINATION RESULTS , ISSUE OF CERTIFICATES:

Bharati Vidyapeeth University conducts the Common Entrance Test(CET) for the admission to the first year of all engineering programmes. Minimum 50% marks in the CET in addition to the eligibility criteria prescribed by AICTE New Delhi are followed for these admissions .The admissions are based on the performance of the candidate in the CET. All the processes like issuing admission letter, declaring result is computerized at college and university level.

26.INCREASE IN THE INFRACTRUCTURAL FACILITIES :

1. SPACE:

Existing Space	Added Space	New Intake
-----------------------	--------------------	-------------------

25,610 sqm	Nil	Nil
------------	-----	-----

2. EQUIPMENTS:

S. No	Facility Developed	Amount	Funding Source
1	Electronics Engg. Lab Automation (Computers purchased)	942760/-	College
2	Library Books	32319/-	College
3	AICTE Promotion Scheme Equipments	200584/-	AICTE
4	Computer Engg. Lab Automation (Computers purchased)	144040/-	UGC
5	Computer Equipments (Office)	104000/-	College
6	Electrical Engg. Lab Automation (Computers purchased)	653127/-	College
7	AICTE Environment Lab equipments	603730/-	AICTE
8	Furniture and Office equipments	3519273/-	College
9	Equipments purchased in Mechanical Engg. Dept.	1001038/-	AICTE
Total Amount (Rs/-)		7200871/-	

27. TECHNOLOGY UPGRADATION

Swift technology software for training students for competitive exams like GATE for entrance to M Tech course is also provided in the library

28. COMPUTER AND INTERNET ACCESS AND TRAINING TO TEACHERS AND STUDENTS:

Facilities at the computer center are further strengthened by increasing the number of computers and other facilities in the computer centre.

29. FINANCIAL AID TO STUDENTS :

The students who are below poverty line, half fee concession is given. And in some cases Special consideration is given in fees depending on their financial Condition

Sr.No	Name of Student	Year	Fee Concession

1	Tangade Sagar Sudam		8280/-

36. ACTIVITIES OF THE GUIDANCE AND COUNSELLING CELL:

- The guidance to the weak students is been given. Special attention is given to the career counselling of the students. There was a special slot in the time table of two hours in a week, where students queries were solved by the senior staff members of the department. A separate register was maintained for the same. A GFM (guardian faculty member) was appointed for each class to enhance the interaction of the student - staff relation and to find out the weaknesses in the class so as to overcome the barriers in the success of departments products. The seminar called Footsteps of passed alumni's were arranged in order to give guidance for future job selection, future aspects etc. in addition to last year special attention was given to female student for any genuine reason by appointing a ladies staff member. Placement department of the college has organized seminar for facing interviews. A special guidance and counselling cell called TIME was arranged at college level by Training and placement department. Under this cell seminars were organized in the department on various subjects. One staff member from the department is appointed to look after these activities.
- Complaint of T.E. students that they are facing the problem of the broken black board in their class room i.e. N-301 and due to this the problems faced by the staff members, this should be repaired as early as possible. To solve this issue we should forward this complaint to the maintenance department.
- Complaint of T.E. students that they are facing the problem as Tube lights and fans not working in their class room i.e. N-306. This issue should be solved by maintenance department. So it should forward to the maintenance department.
- From the students of the complaint regarding the insufficient drinking water was received, the cell solved this difficulty by filling the tank twice a day.

39. BEST PRACTICES OF THE INSTITUTION:

- Faculty Development Program:** Faculty members are encouraged to acquire higher education such as M.E. & Ph.D. To update their knowledge department arranges seminar conferences and work shops.

Faculty training program on “Academic Monitoring” was organized on 20-22nd Aug 07. The faculty members were encouraged to attend Sun Java programming language course at Sun Learning Centre. Two faculty members completed M.E.

- **Liaison with Industry:** Student projects sponsored by industries such as Central Institute of Road Transport, M.S.R.D.C. G.D. Khandeshe, Engineers & Contractors
- **On-the- job training:** Apart from syllabus students are taken to sites in order to make them aware with practical aspects in Civil Engineering. During vacation, students get opportunity to work with well-established construction companies through which they are benefited.
- **Curriculum development:** Being a university established under the section (3) of UGC act 1956; the syllabus can be revised. To keep pace with the requirements of the industry, experts from industry, other universities and engineering colleges are invited to participate in curriculum development.
- **Laboratory Development:** Laboratories are developed to conduct practicals in innovative way to increase analytical & practical skills of the students & that too with modern equipments, in which students also participate. Accordingly student have developed final year project of Swirling flow tangential intake of vertical shaft spillway.

41. OTHER RELAVANT INFORMATION

1) Bharatiyam activity - From the year 2006-07 the technical festival' Genesis' change to "Bharatiyam" Techno-cultural festival. In this festival all the teams from all over India come to take part in various technical & cultural competitions.

Report of Bharatiyam for 2006-07 is as follows

The festival which spanned over a period of three days from 22nd to 24th of March, 2007 at the BVP Campus in Katraj was flagged off with the inaugural ceremony on 22nd March at

10:30 a.m by lighting of the ceremonious lamp by the chief guest and felicitation of honorable guests comprising chief guest Dr.Ashok Thakur-Vice chancellor West Bengal University, guest of honour Mr Yamaji Malkar-Editor Sakal Papers Pune, Prof A.R.Bhalerao, Principal (BVUCOE), Prof R.W.Jawale-Vice Principal (BVUCOE), Prof S.H.Patil -Coordinator BHARATIYAM that also saw the release of their official techfest magazine "GENRE". It was followed by an introduction speech of Prof Bhalerao where in he acknowledged the autonomy gained by the college under the name Bharati Vidyapeeth University. He even expressed his concern over the depleting ratio in faculty of teachers in today's scenario and therefore urged for more & more adoption of teaching jobs as profession.

Dr. Thakur then addressed and enlightened the students regarding open source markets and urged on spreading computer literacy in the remote areas. While there was also a small presentation by the college students sharing their experiences, expectations and the immeasurable amount of hard work put forward by them for the mega event.

The event saw the various departments of the college coming together for second year in a row to present it under the aegis of "BHARATIYAM" after having successfully organized it for many years on a departmental basis. The affair saw a plethora of events being put forward to suit the needs of all the students present there. Be it the Line of Code for the programming geek or Bharatiyam Stock Exchange to bring out the investor in the participant, all the events were embellished to inspire solutions in which technology, culture, humanitarianism and viability symbolically existed. One of its events, E-Code Maker, an online coding competition saw huge participation this year as well with participants from outside the country as well. It provided a unique and common platform for the consummate development of every student and encouraged them to not only reveal their talent but to match them with students from all parts of the nation in a series of thought provoking contest in a mind stimulating environment. To break away from the monotony of being technical, events were also organized for the culturally inclined under the name "RHAPSODY" which ran parallel to the technical event. These included Spin Doctor- a creative writing competition, Madvertisements- a mad ads contest, Nukkad Naatak- a street play, Rang De Basanti a poster making competition, 1 2 ga ga ga karaoke and a ghazal nite on 22nd march to mark the serenity of the evening.

The mega event concluded with a prize distribution and cultural ceremony on 24th March,

2007 which started off in praise of lord with a Ganesh Vandana sung by college students Pooja & Argha followed by felicitation of honourable guests. The event saw the presence of eminent personalities who egged on the students to strive for greater discipline in all domains of life. Among those present were C.P. Surendran-Editor, The Times of India, Pune, M.C.Mittal- Vice President-Samsung India Electronics Ltd., Prof A.R.Bhalerao-Principal (BVUCOE), Prof R.W.Jawale-Vice Principal (BVUCOE) and Prof S.H.Patil-Coordinator (BVUCOE). C.P. Surendran asked the student audience to pursue their dreams with a realistic point of view and not get carried away by their wishful thinking of what they expect from life. M.C.Mittal cited the example of common, yet the famous "Dubbawallahs" and motivated students to strive for success in a most dynamic way. He even enlightened the audience by updating them with new technologies and competitions arising and explained the importance of adaptation as a need of survival in the industries today. Then the student addressing was done by the Sports Secretary and General Secretary of Art Circle of the college, drawing attention to the massive achievements and laurels which college students won in the respective fields, at various state and national level events.

Prof Anand Bhalerao gave vote of thanks congratulating the students and teachers for their assiduous efforts and wished them success for their future endeavours.
