Report

Bharati Vidyapeeth (Deemed to be) University College of Engineering, Pune had organized a seminar on “Machine Learning, Deep Learning, AI, IOT” - A Global Academic Internship Programme(GAIP), on 18/02/2019 for the students of Semester-V and Semester-VI. Mr Rajesh Gopal, President of Corporate Gurukul, alongwith Mr. Manjunath Rodagi delivered the seminar. Around 120 students from all the departments attended this seminar to make it a huge success.

In the session, the speaker explained importance of human intelligence with various practical examples and also the Gesture Sensor based project which gives practical hands on knowledge. Mr. Rajesh Gopal also told that we are in the rapid growing 4.0 era which makes us to update ourselves and stay updated to survive in this era.

The speaker conversed with the students about the three essential technologies to future proof their career:

- 1) IOT- Collecting & Transmitting data
- 2) Big Data- Storage & Process of data
- 3) AI- Analyzing and Decision making on the data

The seminar was very informative and did give the students knowledge on the topics which they need to learn. The speaker concluded the seminar with the internship they are offering (with perks) for the students and the importance of LoE.
