

**TITLE OF ACTIVITY: Student Training Workshop on 'Embedded System Design**

**Date:** 29th and 30th Sept 2018

**Venue:** Central Computer Lab

**Workshop conducted by:**

Mr. Abhijeet Deshpande

**Objective:**

To Study Simulation & Programming

To develop the analysis skill in students

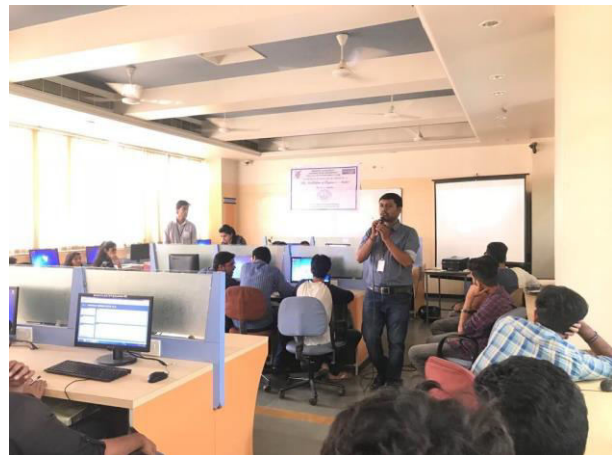

**Summary of the Workshop:**

The workshop focused on simulation using proteus software and programming in 'Keil'. Further experiments were conducted on Application boards. The workshop was conducted for Sem V Electrical students considering their present curriculum.

**Photographs:**

Felicitating of Speaker: Mr. Abhijeet Deshpande by Dr. D. S. Bankar, HoD, Electrical Department.

Expert Sharing his views on Programming.

**Outcome:**

- The students were able to acquire basic Knowledge of Software & Programming.
- The students were able to develop the analysis skill.

Expert Giving demonstration to the students.
